

## Sample Church Eblast

Dear Church Family,

Valuable people make valuable choices. This is the heartbeat of the message of Life Network. On Saturday, June 1st, the ministry of Life Network will be hosting their 32<sup>nd</sup> annual "Walk for Life". You have the opportunity to save lives right here in our city!

Prevention, Intervention and Transformation – this is how Life Network is making a difference in over 15,000 lives in our city. Serving in the heart of Colorado Springs, Life Network ministers to moms, dads, their babies, students and families through: the Colorado Springs Pregnancy Center, LifeSteps parenting education program, Bridges of Hope and Education for a Lifetime. Each day, they meet the practical, emotional and spiritual needs of many, sharing the love of Christ and His uncompromising truth while pointing each towards life-affirming options. Last year, 259 women chose life for their babies after receiving an ultrasound from Life Network. In addition, 86 men and women made commitments to Christ. That is at least one decision each week!

As a church, we are excited about their mission! Our goal is ## walkers from [insert church name]. YOU can help make this possible. Your support will impact lives today and for generations. Go to [www.walkforlife.com](http://www.walkforlife.com) and in just five minutes you can set up your personal fundraising page and simply send a link via your social media outlets to your friends, family, co-workers and neighbors. Or, pick up a pledge form at church next weekend. All of the services Life Network offers are completely free. The funds you raise help make this possible. Please join us at the Walk!

Thank you for making a difference for life!
