Walking **TOGETHER** for Alya and Daniel

When Alya and Daniel discovered they were expecting their first child, they felt overwhelmed and unsure what to do next. They felt alone.

They walked through our doors carrying fear, questions, and uncertainty. But because of partners like you, the Life Network medical team provided clear answers and the patient advocates offered compassionate support. When Alya and Daniel were open to spiritual conversation, we prayed with them and shared the hope of Christ.

Later, they shared in an online review:

“Choosing this place as the first step in our pregnancy journey was one of the best decisions we made. From the moment we walked in, we felt supported, cared for, and genuinely seen.”

That is what it means to be **Together for Life**.

Together, we ensure families are not alone in life’s most vulnerable moments.

Together, we provide medical care, parenting support, and compassionate guidance.

Together, we share the hope of the gospel and the promise of abundant life in Christ.

When you Walk for Life, you step into that story.

Let's Walk, together!
